

JOB TITLE: Registered Professional Land Surveyor (RPLS)

JOB LOCATION: Allen, Texas

REQUIREMENTS:

Education/Training: Bachelor's Degree preferred, Associate Degree in Surveying minimum.

Experience: 4-8 years' land surveying experience; field experience is required

Registration: Texas RPLS required, Oklahoma PLS a plus

White Hawk Engineering & Design, LLC (White Hawk) has created an environment where our people and technology converge to deliver trustworthy results. Our integrated solutions improve and connect communities, and our people make it possible. Our most valuable asset is you, and we offer an environment where you can learn, grow, and enjoy life. White Hawk delivers engineering, engagement, environmental, and land surveying services focused primarily on transportation design. White Hawk delivers land surveying, engineering, engagement, and environmental services primarily focused on transportation design.

JOB DESCRIPTION:

Established Civil Engineering and Surveying firm is seeking a RPLS with experience in the public and private sector including boundary surveys, topographic mapping, construction layout, geodetic and control surveys, aerial photogrammetry, GIS services, route surveys, and as-built surveys.

ARE YOUR PASSIONS TO:

- Provide oversight and development of boundary, topographic, and ALTA surveys; construction layout staking; control surveys; and platting on transportation and land development projects.
- Preparation of right-of-way surveys, easements, and related documents.
- Mentoring and oversight of survey technicians and field personnel.
- Meeting scheduled milestones in close coordination with project manager and other project staff.
- Maintaining professional and technical knowledge by attending education workshops; reviewing professional publications; establishing personal networks; and participating in professional societies.
- Implementation of QA/QC process and review of work products.
- Project Management duties include client interaction, marketing, and preparation of business proposals.
- Other duties as assigned.

DO YOU HAVE WHAT IT TAKES TO BE ON THE WHITE HAWK TEAM:

- Familiarity with TxDOT practice is preferred. Experience with Oklahoma DOT is a plus.
- Proficient in Autodesk Civil 3D, MicroStation, OpenRoads, GeoPak and ProjectWise software.
- Proficient with Microsoft Office programs (Word, Excel, Outlook, Teams, etc.).
- Proficient with data collection using GPS and Robotic Total Station equipment.
- Thorough knowledge and adherence to Surveyor ethics, surveying principles, and practices of surveying.

- Knowledge of safety principles, practices, and equipment related to survey work; enforce safety practices.
- Detail oriented and capable of performing routine land surveying tasks as well as independent problem-solving.
- Ability to develop strong working relationships within and outside the firm to meet client expectations.
- Strong sense of time management and ability to prioritize and manage tasks on concurrent assignments in a fast-paced environment.
- Ability to work on a team and communicate professionally and in a timely manner. Professional attitude and appearance required.
- Strong oral and written communication skills.
- Clean driving record and valid driver's license is required.
- Must pass pre-employment drug screening and background check.
- TxDOT pre-certifications preferred:
 - 15.1.1 Right of Way Surveys
 - 15.2.1 Design Survey
 - 15.2.2 Construction Survey
 - 15.3.3 Terrestrial LiDAR
 - 15.3.5 Horizontal and Vertical Control
 - 15.3.6 Airborne LiDAR

PHYSICAL REQUIREMENTS:

Although reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions, this job will require the ability to sit for extended periods at a time.

WORK ENVIRONMENT:

This job operates in a professional office environment. This role routinely uses standard office equipment such as but not limited to computers, phones, copiers, filing cabinets, and fax machines.

ADDITIONAL INFORMATION:

Recognizing the importance of developing top talent from within, our employees have access to a wide range of internal and external training and coaching programs. They are rewarded for their achievements through excellent benefits and competitive salaries.

Salary will be commensurate with experience. Once the successful candidate is ready to become a full-time employee, White Hawk offers a competitive benefit and compensation package. We are looking for dedicated and motivated employees to perform quality surveys and work alongside our staff to help us grow the business in Oklahoma and Texas to meet our strategic plans. There are opportunities for advancement as the company grows.

Work is performed primarily in an office setting but may require some fieldwork.

Established in 2010 with the mindset that we can do it better together, White Hawk offers a competitive benefit and compensation package with opportunities for advancement.
